What you need to know

Our mission is clear and our approach is simple: We engage students that are are privilege and less privileged in authentic spiritual and intellectual growth, equipping them to make a real difference in the world; we also exist to equip students to discover their divine design so that they may serve the world through Christ-empowered learning, leading and living.

With students from all around the world, we are a diverse community of faith committed to becoming who God created us to be. With such diversity, it is necessary for us to have set standards that align with our values and guide us toward a clear and unified way in which to live.

FROM THE DESK OF THE DIRECTOR GENERAL & DEAN OF CHAPLAINCY

Bishop Lenley Newland

I am delighted to write this message for CIUS Ontario Canada Campus's first issue of our Newsletter publication. Thanks to the work being done by Laurel Service(Ms) publication's editor & chief. She is also the campus Liaison and Public Relations Officer, and a current student. Her willingness to volunteer some time and service is greatly appreciated, she is a Project Manager with the Church of God in Ontario - the University is independent of any denomination.

Covenant International University & Seminary (CIUS) is new to Canada as a higher educational institution with a parent campus located in Houston Texas USA. It is indeed a great honour for me personally to be a graduate of this institution while I was living in the UK in 2015. It is also an honour to be appointed in 2019 as Director-General and Dean of chaplaincy by the International Board of Directors.

We are convinced that there is a place for this Christian University in this province of Ontario and Canada at large, and thanks to the Government of Ontario for granting us approval to operate on Canadian soil, it is much appreciated. We are not here to compete with any existing institution, we will strive to be unique in the opportunities we offer to persons who for whatever reasons didn't have the opportunity to study at a higher educational institution.

We are unique in some of the opportunities we offer to persons, regardless of age and willing to continue learning. We are a University with a strong Christian ethos, we have a non-discriminatory policy, we believe in giving persons a second opportunity to higher education if they so wish.

Within CIUS there are colleges:

- * The college of Theological Studies & Seminary
- * The College of Ministries & Ordinations
- * The College of International Chaplaincy, which is the only College currently in operation from this campus. The semester in this college began April 10th this year; others will come on stream later in the year and beyond.
- * The College of International Studies
- * The College of Missions
- * The College of Christian Democracy & Good governance.

As this campus grows, we will be offering more of the above courses to Canadians. I close by acknowledging the hard work done by the entire Faculty, especially our Registrar Mrs. Shelleanne Hardial, for her night and day's work.

The future is very bright indeed! Welcome to CIUS!
